TAPIF/Centenary College of Louisiana's MAT Elementary Education 1-5

Partner Institution	Program Duration	Number of Scholarships
Centenary College of Louisiana (Shreveport, LA) + Brittany's INSPE (Rennes, France)	5 years: Year 1: TAPIF and MAT courses Year 2: Residency teaching 2026-27 school year Years 3-5: Teach French immersion in Louisiana	Up to 10 scholarships

Named after Escadrille Lafayette, a group of 200 Americans who trained as pilots to fly for the French during World War I, the goal of the Escadrille Louisiane (EL) program is to fill Louisiana's French immersion programs with highly qualified and certified fluent-French speakers from Louisiana who have their state's heritage languages and culture at heart. EL is a program for Louisianans with a college degree who aspire to teach French immersion at a public or public charter elementary school in Louisiana.

This is a 5-year commitment that culminates in obtaining a Master of Arts in Teaching (MAT) degree in Elementary Education 1-5 from Centenary College of Louisiana, becoming certified to teach French in Louisiana and being contractually obligated to teach French immersion in Louisiana for at least three (3) years. The students who will be selected to participate in the EL program will begin by spending 3 weeks at Centenary College of Louisiana in Shreveport in June 2025, at which time they will have a pre-trip orientation and take two (2) graduate courses as part of their MAT degree requirements. Then they will spend the first year of the program in the city of Rennes, France where they will work as TAPIF English Assistants (www.tapif.org) in 1-2 French schools and take courses at the INSPE and online with Centenary College. **The program will purchase a round-trip airline ticket to Paris for you.** Participants arrive in France in mid-September 2025 and return home by the end of May 2026. Participants will earn approximately €1,010 gross/€800 net per month from the French Ministry of National Education for their TAPIF duties. Upon their return to Louisiana, they will return to Centenary College for three (3) weeks in June/July 2026 to take two (2) graduate courses.

During the second year of the program, the EL participants will conduct residency teaching in French immersion in Louisiana while completing their MAT coursework. Upon obtaining the MAT degree, all EL participants are contractually obligated to teach in French immersion for at least three (3) years at an appropriate grade level at a public or public charter elementary school in Louisiana.

The EL program will offer a \$2,000 grant to EL participants during their year of residency teaching in French immersion in Louisiana. Upon successful completion of Centenary College of Louisiana's MAT program, the individual will be considered an Escadrille Louisiane graduate/teacher. As such, he/she will be eligible for a \$14,000 stipend (MFP funds), paid over a period of three (3) years, as long as he/she teaches French immersion full time at a public or public charter elementary school in Louisiana. In addition, the EL program will offer a \$5,000 grant to EL participants during their first year of teaching as an EL graduate and certified teacher. The grants and stipend are paid as follows:

Year 0: residency teaching as an EL participant with a Practitioner License 3	\$2,000
Year 1: teaching as an EL graduate and certified teacher	\$11,000 (\$6,000 + \$5,000)
Year 2: teaching as an EL graduate and certified teacher	\$4,000
Year 3: teaching as an EL graduate and certified teacher	\$4,000
Total:	\$21,000

Richard Guidry Cajun and Creole Language Fund (RGCCLF) a fund at Community Foundation of Acadiana

Richard Guidry (1949-2008) contributed greatly to the education and preservation of the French language. This educator, author, actor and consultant dedicated his life to keeping the Cajun and Creole dialects alive in Louisiana. The Richard Guidry Cajun and Creole Language Fund (RGCCLF) was established to support projects and initiatives that encourage, increase and improve the use of the multiple varieties of French in Louisiana, especially their spoken use in public, in the arts and in education. This includes, for example, grants for students and non-students, aid for classroom projects, research, cultural initiatives and media projects for the wider community.

Criteria for grant application and grant recipients:

- All applicants must be U.S. citizens and current residents of Louisiana.
- The applicant's project must incorporate the French language, in whole or in a substantial part.
- Applicants must show how their project will benefit the francophone community in Louisiana and the growth of French in our state.
- Applicants must show an effort to complete the application in their level of French.
- Only complete applications will be evaluated. A complete application consists of the application form, the budget form, a letter of motivation, two (2) letters of support, and a résumé from key individuals involved with the project. Please note that the letter of motivation and the résumés must be submitted in **both English and French**.
- Grants cannot be used for lodging or transportation.
- Selected applicants commit to providing a summary report with receipts and details of how the grant funds were spent no later than thirty (30) days after the project is completed.
- **"Richard Guidry Cajun and Creole Language Fund, a fund of Community Foundation of Acadiana"** MUST be acknowledged precisely as indicated on the project.
- Grant recipients are allowed only one (1) grant within a two-year period. The two-year period will be determined according to the date on which a grant request is approved.

Grant applications will be submitted online via Community Foundation of Acadiana's website (www.cfacadiana.org). We will accept applications during the following periods:

January 1, 2025 to June 1, 2025

All applications received will be reviewed after June 1, 2025.

July 1, 2025 to November 1, 2025*

All applications received will be reviewed after November 1, 2025.

*In the event that numerous applications are received between January 1, 2025 and June 1, 2025 and that all available funds are awarded to accepted applications, the July 1, 2025 to November 1, 2025 application period will be withdrawn.

RGCCCLF will award up to three-thousand dollars (\$3,000) in grants in 2025. Project underwriting is typically between \$500 and \$1,000.

Are you interested in making a tax-deductible donation to the Richard Guidry Cajun and Creole Language Fund?

The fund grows through financial support from individuals and groups. Half of the financial support goes into an endowment account whose interest will fund projects into the future; the other half can be used to support projects now. There are several ways to make a tax deductible donation:

- ❖ Cash or check made payable to the Community Foundation of Acadiana. Please include RGCCCLF on the memo line.
- ❖ Online at Community Foundation of Acadiana's website (www.cfacadiana.org)
- ❖ Contact Community Foundation of Acadiana's office at (337) 769-4840 or www.cfacadiana.org to set up an automatic monthly, quarterly or annual payment plan through your bank account or credit card.
- ❖ Residents of Lafayette may choose to designate Community Foundation of Acadiana/RGCCCLF as the beneficiary of United Way.

ACTFL Advisory Oral Proficiency Interview (OPI)

American Council on the Teaching of Foreign Languages (ACTFL)

www.actfl.org

Each scholarship program presented in this guide requires participants to have a certain level of French. Some programs accept participants of all levels (beginner to advanced) while other programs require participants to have an intermediate/advanced level. In an effort to be certain that CODOFIL scholarship applicants meet the language requirement for the program for which they are applying, applicants must submit proof of their French language proficiency.

If you have completed an ACTFL Advisory OPI, an ACTFL Official OPI or a DELF exam within the last six (6) months, we will accept your results as part of your scholarship application. If you have not completed any of the above-mentioned tests, you can schedule an ACTFL Advisory OPI, based on the ACTFL Proficiency Guidelines, by contacting:

Jennifer Rodriguez
jrodriguez@crt.la.gov

Transfer Credit

All Louisiana university students must meet with their advisor and the Study Abroad Office to inform them of their potential study abroad experience and to inquire about potential transfer credit. **This must be done prior to submitting a CODOFIL scholarship application.** If a student fails to comply, he/she risks being unable to obtain any potential transfer credit for his/her study abroad program.

Upon the successful completion of the programs mentioned in this guide, the program organizers will issue a certificate to the participants. It is the responsibility of the university students to present a copy of their certificate to the appropriate person at their Louisiana university in regard to potential transfer credit. The student's home university in Louisiana will determine if transfer credit will be granted to him/her.
