Policy Name: *On-Call Pay*
Effective Date: *July 25, 2005*
Revision Date: *December 1, 2011; April 17, 2015; August 20, 2018*

Authorization:

Nancy Watkins, Undersecretary

This memorandum cancels and supersedes all other memoranda and policies on this subject, including policies previously promulgated by individual DCRT Offices.

I. POLICY

In accordance with Civil Service Rule 6.28(b), the Office of the Lieutenant Governor (OLG) and Department of Culture, Recreation and Tourism (DCRT) may utilize on-call pay for situations when employees are required, as business needs dictate, to be available for work status at times outside of their regular work schedule.

II. APPLICABILITY

This policy is applicable to the specific offices and positions reflected on the attached addendums.

III. DEFINITIONS

- A. Call Area:** The geographical area that an employee must remain while in on-call status.
- B. On-Call Status:** The time period for which the employee is required to remain available to move into work status, if required.
- C. On-Call Pay:** Compensation for the time period in which the employee is in on-call status. On-call pay is not included in base pay, retirement calculations or terminal leave payments, and shall not be granted to an employee for his/her regularly-scheduled hours of duty.
- D. Work Status:** The time period for which the employee has been called to duty, commencing from the time the employee answers/responds to a call/email for assistance through the completion of any work (and associated travel) required to address the issue. Thereafter, the employee reverts back to on-call status until the end of the assigned on-call period.

IV. ON-CALL PROCEDURES

A. Travel

In assessing the issue prompting the call/email for assistance, the on-call employee, with approval by his supervisor, must determine whether support may be provided off-site (such as via a home computer) or on-site (at the on-call employee's assigned work site or an alternate location). If it becomes necessary to travel to resolve the issue, transportation to and from the on-site location is the responsibility of the on-call employee. During such travel to and from the on-site location, the employee is considered to be in work status, in accordance with U.S. Department of Labor guidelines.

B. Compensation

1. On-Call Rate of Pay: The rate of on-call pay shall be set by the Appointing Authority, in consultation with the Human Resources Director, in accordance with Civil Service regulations.
2. Work Status Rate of Pay: While in work status, an employee is eligible for compensation in accordance with OLG/DCRT's overtime policy (PPM #42).
3. Travel: Mileage and any other travel-related expenses shall be reimbursable to the employee in accordance with the State of Louisiana Travel Guide (PPM #49).
4. Restriction: An employee is restricted to compensation for either on-call status or work status, but never both at the same time.

C. Timekeeping

1. Timesheet: On-call hours and overtime hours must be appropriately recorded by the employee on his/her bi-weekly timesheet, with supporting documentation attached thereto as required by the applicable Office such as work logs, on-call report forms, travel expense forms, etc.
2. Increment: On-call hours and overtime hours shall be recorded in six-minute increments as provided by PPM #42.

D. Effect of Paid Leave on On-call Status

In general, employees who have been absent the entirety of a regular workday through the utilization of sick and/or annual leave should not be thereafter on-call that same day. For example, an employee whose work hours are 8:00 a.m. to 5:00 p.m., and who has called in sick for that day, should not be in on-call status again until after he/she has returned to work on the next business day. When such

absences occur, it is the responsibility of the supervisor to designate a suitable substitute for the on-call employee.

However, an employee may be authorized for on-call status on the same workday for which he/she was fully absent, provided that he/she is able to respond to calls or return to the worksite (if needed) and his/her supervisor deems the on-call status as necessary for the efficient operations of the agency. It is incumbent upon supervisors of on-call employees to manage on-call schedules and employee leave requests such that exceptions of this nature are limited.

V. REPORTING

Appointing Authorities and supervisors are responsible for reporting to the Human Resources Division the specific positions and incumbents who are eligible for on-call compensation. Such reporting must be submitted in a timely manner, as follows:

1. For Positions: When creating a new position request or updating an existing position for which on-call pay is/will be applicable, the position description (SF-3) must include the optional attachment form (SF-3.A) located on Channel Z, indicating that there is on-call pay for this position and listing the applicable amount.
2. For Employees: When the movement of an employee from one position to another, or the movement of the position from one organizational unit to another, creates or eliminates an employee's eligibility for on-call pay, a Personnel Authorization Form (Form 301) must be submitted for the action specifically denoting the addition or deletion of on-call pay as a result.

VI. QUESTIONS

If, for any reason, it is needed for the Network Engineer and Network Supervisor to be on-call at the same time, such as during major server and/or network outages, the dual on-call responsibility must be authorized by the Undersecretary.

Back-up on-call responsibility by the Desktop Support Specialist shall only be invoked as necessary when neither of the primary employees is available for on-call scheduling.

Any temporary deviations from this on-call scheduling, such as to accommodate an emergency, illness, vacation or other scheduling disruption, including the use of back-up on-call support, may be coordinated by the affected employees, but must be approved by the I.T.
