Section 1

Overview of the Program

The Encore Louisiana Commission is mandated by the Louisiana Legislature.

Encore Louisiana Commission

Legislation:

CHAPTER 10-A. ENCORE LOUISIANA COMMISSION

§1317. Legislative findings and determinations

A. Because the legislature recognizes the existence of an emerging industry with the fifty year old and above demographic, it finds that the state has a role and responsibility in developing Louisiana as a desirable place of residence for this age cohort. The legislature also recognizes that residents and tourists fifty years old and above spend a disproportionate amount of their disposable income on goods and services, which in turn creates new jobs. In addition, tax dollars generated from these incomes provide a boost to state and local economies. The legislature also finds that major aspects of this emerging industry are related directly to both tourism and economic development and that there should be a concerted effort by the state to focus on or serve the growing fifty year old and above market.

B. Because the fifty year old and above demographic is a potential source of economic growth for Louisiana, the legislature determines it is necessary and essential to create the Encore Louisiana Commission to engage in developing, promoting, and marketing Louisiana as a destination for residents and tourists fifty years old and above.

Acts 1999, No. 1099, §2; Acts 2009, No. 342, §3.

Louisiana Certified Retirement Community Program

The Encore Louisiana Commission will be charged with the goal of setting the guidelines and requirements in developing the criteria for a destination to become a Louisiana Certified Retirement Community.

The purpose of a retirement community certification program is to encourage tourism and economic development. The prospect of 76 million baby boomers nearing retirement has caught the attention of many states and communities because the economic benefits to the places where they end up retiring are enormous. States not only want to encourage new residents to retire in their communities, but they also want to keep existing residents.

The Louisiana Certified Retirement Community Program will recognize places in Louisiana that the commission substantiates as premier locations for retirees. Communities selected for certification will receive inclusion in state-level marketing efforts, networking opportunities and possible grant funding to support the program.

The Encore Louisiana Commission will require that communities complete an application and go through a screening process conducted by the Encore Louisiana Commission before becoming a Louisiana Certified Retirement Community.

The Encore Louisiana Commission has final approval on the application process.

A Louisiana certified retirement community the Louisiana Office of Tourism will:

- Promote the certified community as a Louisiana certified retirement community to retirees and potential retirees both in and outside of Louisiana.
- Assist Louisiana certified retirement communities in their efforts to market themselves as desirable retirement locations and to develop communities that retirees would find attractive for a retirement lifestyle.
- Assist Louisiana certified retirement communities in enriching their communities resulting in positive economic development.
- Encourage tourism to the Louisiana certified retirement community.
- Be eligible to attend consumer shows or golf shows with the Louisiana Office of Tourism.

An applicant community must be a unit of general local government (a city, a parish or the official DMO of the destination). Neighborhood Associations do **not** qualify as an eligible entity for the Louisiana Certified Retirement Community designation.

The applicant must designate a single sponsor/local contact person who will be responsible for working with the point person of the Encore Louisiana Commission, Mary Perrault Williams, during the application process and will serve as the primary contact for disseminating information to potential retirees through the certified retirement community program if the certification is approved. The sponsor should be part of a recognizable entity within the community (such as a tourist commission, convention and visitors bureau, chamber or economic development organization), have physical location with regular office hours, and should have the capacity and resources to manage the community's retirement recruitment efforts.

Sponsor/Local Contact Person's duties may include, but not be limited to:

- Obtaining local volunteer support to maintain the program, assist in the training of volunteers where necessary.
- Obtaining local support by publicizing the program on the local level, utilizing methods such as media publicity, speeches to local groups, etc.
- Developing and maintaining a tracking system of leads.
- Developing and maintaining a marketing plan to promote the city as a retirement destination.
- In communities where it is feasible, developing a tour for prospective retirees.
- Developing response materials to send to prospective retirees.
- Keeping the Encore Louisiana Commission point person advised of the local events to be included on the state's internet site.
- Collaborating with the local community college or university to establish programs for retirees in the area.
- Attending Encore Louisiana Commission state meetings.
- Submitting Encore Louisiana Commission reports timely.

The applicant must include a list of the Community's Retirement Board/Panel members and the organizations each member represents.

Section 2

Information to Know if an Application is Approved

Assistance to Louisiana Certified Retirement Communities –

Once a community is certified, the Encore Louisiana Commission through the Louisiana Office of Tourism will:

- Promote the certified community as a Louisiana certified retirement communities to retirees and potential retirees both in and outside of Louisiana.
- Assist Louisiana certified retirement communities in their efforts to market themselves as desirable retirement locations and to develop communities that retirees would find attractive for a retirement lifestyle.
- Assist Louisiana certified retirement communities in enriching their communities resulting in positive economic development.
- Encourage tourism to the Louisiana certified retirement community.
- Ability to attend consumer shows or golf shows with the Louisiana Office of Tourism.

Use of Encore Louisiana Commission or other LOT Marks

Certification under this program shall allow the approved community to use the mark that will be created by the Encore Louisiana Commission to certify that the community is indeed part of the Encore Louisiana Commission Certified Louisiana Retirement Community Program.

Expiration and Renewal of Certification

A community's certification expires on the fifth anniversary of the date of the initial certification is issued.

The Encore Louisiana Commission reserves the right to evaluate areas on a year to year basis.

To be considered for recertification by the Encore Louisiana Commission, and applicant community must:

- Complete and submit a new application.
- Submit data demonstrating the success or failure of the community's efforts to market and promote itself as a desirable location for retirees and potential retirees.

Section 4

Application Packet

All fields of this application must be completed. The application must be signed and dated by the community's chief elected official or his/her designee to represent the community.

At the end of the application is a checklist of the items on the Retiree Desirability Assessment that are to be included in the binder under Tab 2. A score sheet follows the assessment, which breaks out the scored details that must be included to receive the specified points. The community's size based on population, will place the applicant in a small medium, or large community category. Each category has a minimum point level to qualify for certification.

Responses to the topics on the Retiree Desirability Assessment must be placed under each category.

Scoring Criteria – The following is a list of the selection criteria used by the Encore Louisiana Commission when reviewing the applications. Applicants are scored on four (4) sections, as follows. There are a total of 185 possible points.

Retiree Desirability Assessment	140 points
Community Support	20 points
Marketing Plan	25 points

Small communities: Cities or parishes with less than 10,000 in population (per most recent Census) must have at least 130 points to be certified as a Certified Louisiana Retirement Community.

Medium-sized communities: Cities or parishes with less than 10,001 to 50,000 in population (per most recent Census) must have at least 150 points to be certified as a Certified Louisiana Retirement Community.

Large communities: Cities or parishes with greater than 50,000 in population (per most recent Census) must have at least 170 points to be certified as a Certified Louisiana Retirement Community.

Failure to submit all documentation to support each scoring section will result in the loss of points. All documentation must be organized as outlined in Section 2, Application Preparation.
